

EXECUTIVE SUMMARY

The purpose of this section is to provide basic background information for the comprehensive planning process and general population and demographic characteristics for the Village of Blanchardville. More specifically this section includes information from the community survey and visioning sessions, demographic trends; including population trends, age distribution, housing trends, education levels, income levels, employment characteristics, population projections, housing projections, and labor force projections.

**Wisconsin State Statute 66.1001(2)(a)****(a) *Issues and opportunities element.***

Background information on the local governmental unit and a statement of overall objectives, policies, goals and programs of the local governmental unit to guide the future development and redevelopment of the local governmental unit over a 20-year planning period. Background information shall include population, household and employment forecasts that the local governmental unit uses in developing its comprehensive plan, and demographic trends, age distribution, educational levels, income levels and employment characteristics that exist within the local governmental unit.

ISSUES AND OPPORTUNITIES POLICIES

The following are the issues and opportunities policies for the Village of Blanchardville. The essence of these recommendations is carried out throughout the entire document.

- **Protect and improve the health, safety, and welfare of residents in the Village of Blanchardville.**
- **Preserve and enhance the quality of life for the residents of the Village of Blanchardville.**
- **Protect and preserve the small community character of the Village of Blanchardville.**

Note: The above policy recommendations are further explained in other elements of this comprehensive plan. This section provides background information and overall direction. For example, the above recommendations may be carried out by implementing recommendations in other sections such as housing, economic development, and transportation.

BACKGROUND

Iowa County, together with 22 jurisdictions, including the Village of Blanchardville, applied for a Comprehensive Planning Grant through the Wisconsin Department of Administration in the fall of 2001. In the spring of 2002, the Comprehensive Planning Grant was awarded. Iowa County and the jurisdictions within it contracted with the Southwestern Wisconsin Regional Planning Commission (SWWRPC) to complete individual comprehensive plans for each of the 23 jurisdictions (Iowa County, cities, towns, and villages) in accordance with Wisconsin Statutes 66.1001.

Because of the large number of involved jurisdictions and in an effort to streamline planning meetings, individual jurisdictions were grouped into “clusters”, based on their physical proximity to one another, resulting in six cluster groups. Iowa County was a separate cluster.

- “Northwest Cluster” (Towns of Highland and Pulaski, Villages of Avoca and Highland)
- “Northeast Cluster” (Towns of Arena, Clyde, and Wyoming, and the Village of Arena)
- “Central Cluster” (Towns of Dodgeville and Ridgeway, Village of Ridgeway, and City of Dodgeville)
- “Southwest Cluster” (Towns of Eden, Linden and Mifflin, and Village of Linden)
- “South Central Cluster” (Towns of Mineral Point and Waldwick, and City of Mineral Point)
- “Southeast Cluster” (Town of Moscow, and Villages of Blanchardville and Hollandale)
- Iowa County

COMMUNITY INVOLVEMENT**COMMUNITY SURVEY**

In September and October of 2002, the staff from SWWRPC and University of Wisconsin Extension Service-Iowa County (UWEX-Iowa County) developed a countywide survey that was distributed to all property owners in Iowa County. A total of 10,752 surveys were sent out, 380 to Village of Blanchardville property owners. Forty-six surveys were filled out and sent back, giving the village a 12 percent return rate. (See Appendix A-1 for complete survey results.)

COMMUNITY VISION

A vision statement identifies where an organization intends to be in the future and how to best meet the future needs of its stakeholders. The vision statement incorporates a shared understanding of the nature and purpose of the organization and uses this understanding to move towards a greater purpose together. SWWRPC, in conjunction with UWEX-Iowa County, sponsored visioning sessions for each cluster in the autumn and winter of 2002-2003. The village's planning commission utilized the visioning information from these sessions to create a formal vision statement. The vision statement by the Village of Blanchardville is

"Blanchardville will focus on quality of life while promoting a friendly and welcoming atmosphere for residents and visitors alike. Excellent schools will provide quality education for our children and lifelong learning opportunities for adults. A clean, thriving business environment will provide basic services and offer expanding employment possibilities by new and existing businesses. Public services and land use policies will facilitate necessary growth and development while preserving scenic beauty of our area. Community services and facilities will be responsive to safety and recreational needs for all ages. Blanchardville will remain a community rich in tradition, pride, and history, where people live in harmony from generation to generation."

VISIONING

In February 2003, the Village of Blanchardville planning representatives were asked to identify issues, opportunities, strengths, and weaknesses specific to the village. The following lists are based on the cluster visioning exercise, countywide survey, and local Plan Commission meetings. (See Appendix A-2 for the Southeast Cluster visioning results.)

Issues:

- Pecatonica River, the flood plain is an obstacle for development
- Housing, need single family homes, other types would also be desirable, 2-4 units for older citizens mentioned
- Lack of job opportunities
- Declining school enrollment
- Transportation - Blanchardville has become a community of commuters, mostly to Madison; the roads are in good repair but are very winding. Highways to Monroe, Dodgeville, and Darlington have the same problem

Opportunities:

- Pecatonica River, natural beauty and recreational opportunities, goes through our Village Park
- Small town atmosphere, good for quality of life
- Low crime rate
- Cost of housing lower than communities closer to Madison
- Maintain historical integrity of Main Street
- Blanchardville is part of the Main Street Program, and continues to build on its achievements

Strengths:

- Local newspaper
- Small town atmosphere, welcoming attitude of residents
- Low crime rate
- Excellent public services including fire and ambulance
- School system (high school building is in the village)
- Local clinic is branch of large facility (Monroe Clinic); Blanchardville is less than a hour away from the Madison health care community, three other smaller hospitals are within 30 minutes driving time

Weaknesses:

- Lack of participation in survey, lack of interest in meetings
- Few local employment opportunities
- Roads to Madison and other larger communities very winding
- Blanchardville does not have a local café or family type restaurant

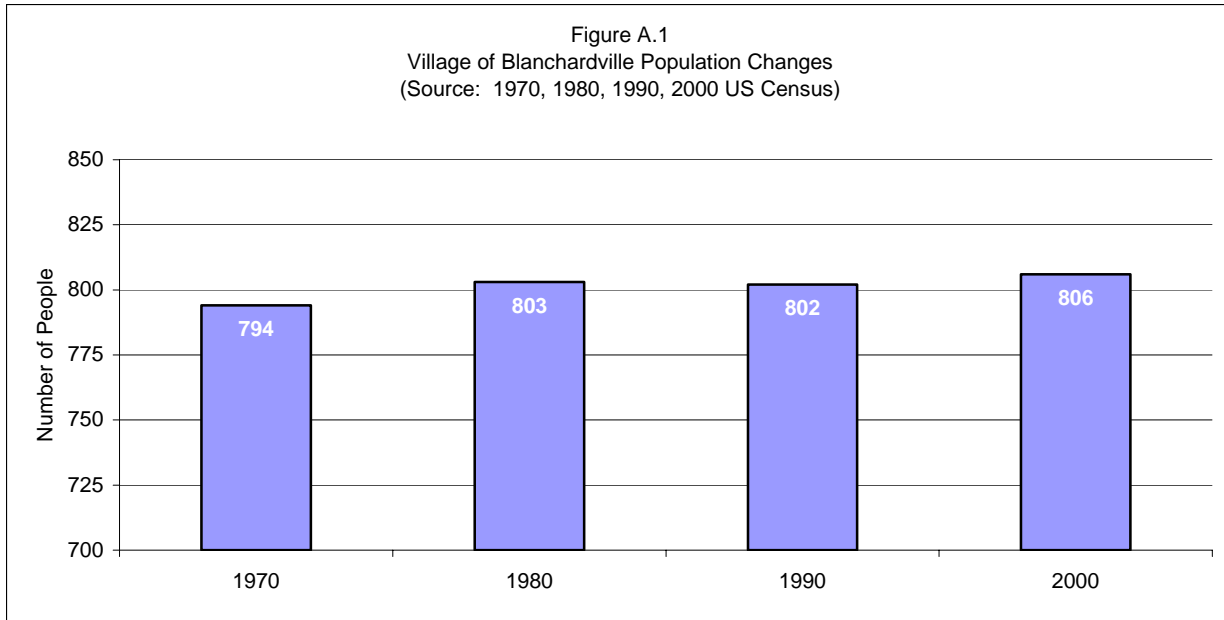

COMMUNITY PUBLIC PARTICIPATION PLAN

See Appendix A-3 for your jurisdiction’s public participation plan.

DEMOGRAPHIC TRENDS

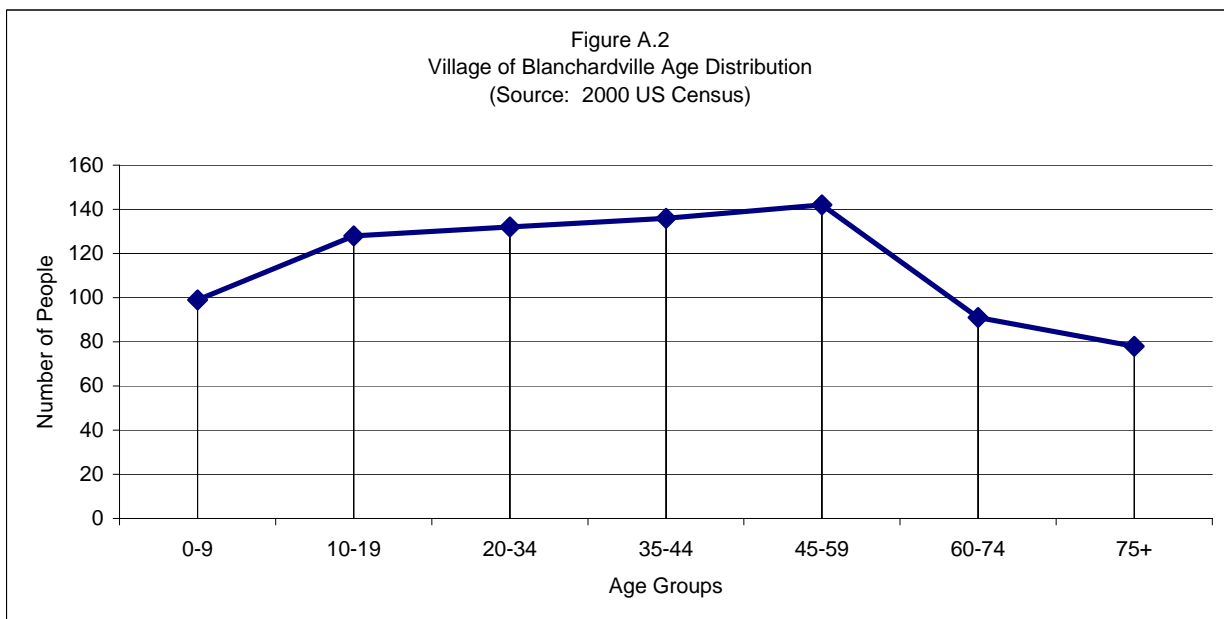

POPULATION CHANGES

The Village of Blanchardville’s population has increased by 12 people over the past thirty years. Between 1970 and 1980 the village grew by 1 percent and between 1980 and 1990 lost less than .1 percent. From 1990 to 2000 the village grew .4 percent.

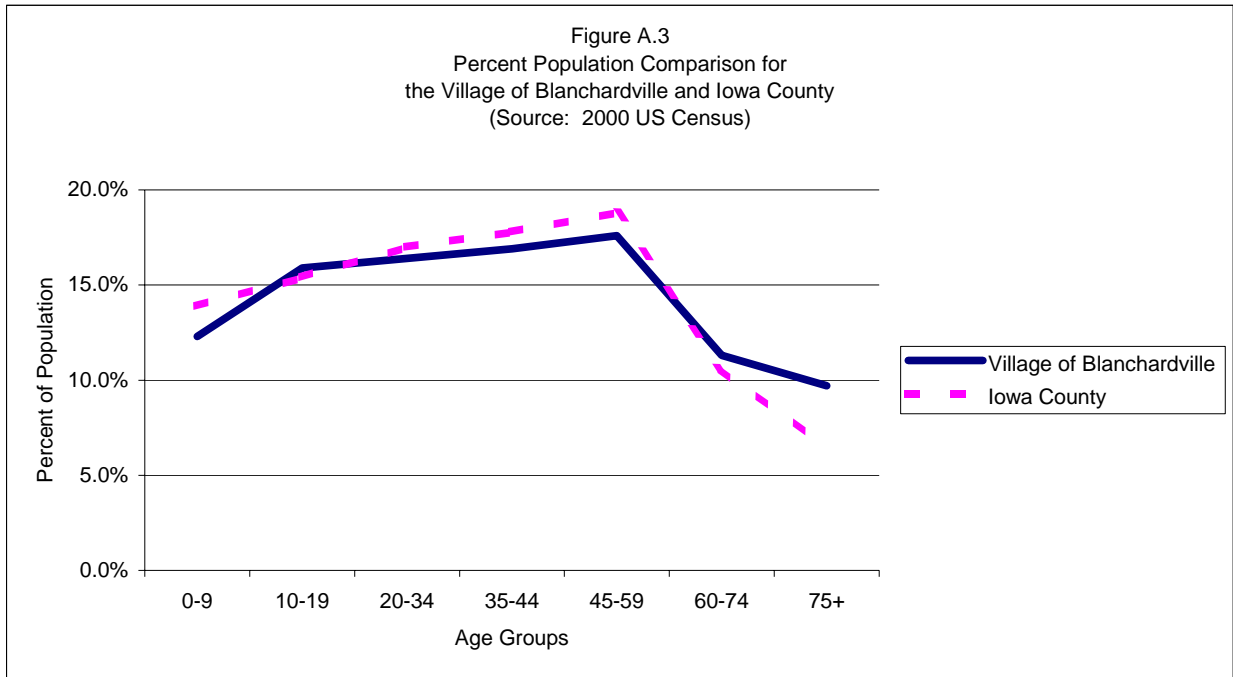

AGE DISTRIBUTION

Figure A.2 shows the age distribution of the Village of Blanchardville residents, according to the 2000 US Census. Overall the population is well distributed among all the various age groups. The age group of 45 to 59 year olds has the highest concentration of the population in the village.

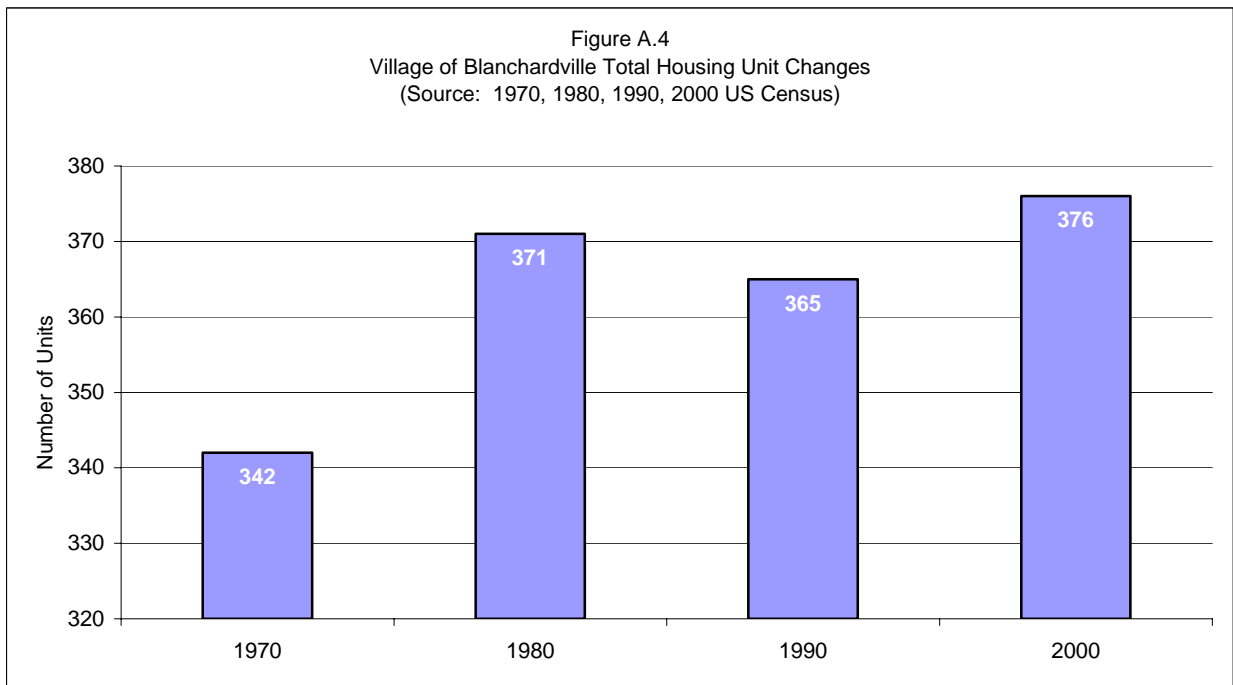

PERCENT POPULATION

Figure A.3 compares the village’s population to Iowa County as a whole. The breakdown of the village population is very similar to the county population, although the village is a little higher than the county in the 75+ year age group.

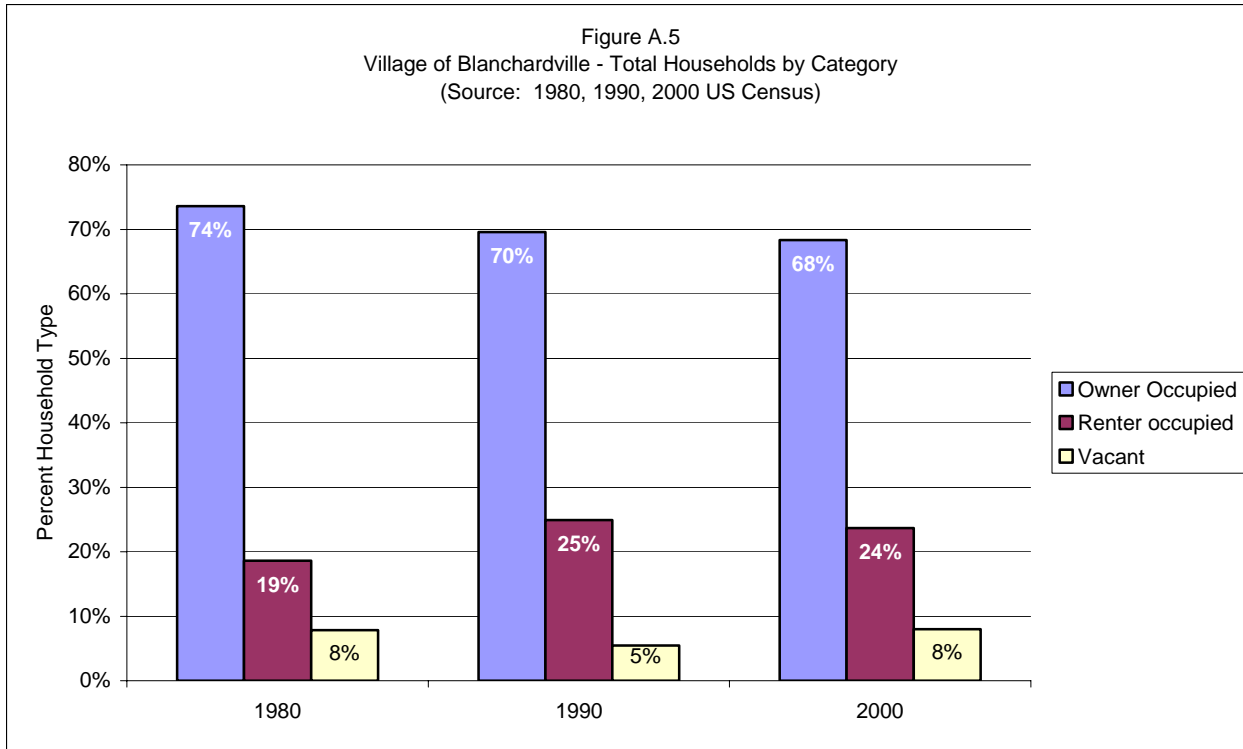

HOUSING TRENDS

Historically, the Village of Blanchardville has seen an overall increase in the housing supply. “Total Housing Units” refers to the total number of units available for habitation: owned, rented, and vacant. As indicated by Figure A.4 the Village of Blanchardville had an increase of 42 units between 1970 and 2000. For more housing information, go to Section B, Housing Element of this plan.

“Total Households” refers to occupied (owned and rented) housing units only. Figure A.5 shows of the 376 housing units in the village in 2000, 68 percent are owner occupied, 24 percent are renter occupied, and the remaining 8 percent are vacant. The average number of persons per household is 2.58 for owner occupied units, 1.61 for rental units.

EDUCATION LEVELS

An important factor tied to a community’s economic well being, as well as its potential for economic growth, is the link between education levels of residents and employment opportunities. Table A.1 reflects the educational attainment of the village residents 25 years and older compared with Iowa County and the State of Wisconsin.

Table A.1: Educational Attainment of Residents 25 Years and Older

Education	Village of Blanchardville		Iowa County Percent	State of Wisconsin Percent
	Number	Percent		
<9th grade	42	8.2%	4.2%	5.4%
9 th grade – 12 th grade, no diploma	36	7.1%	7.4%	9.6%
HS Grad (incl. Equivalency)	213	41.8%	41.8%	34.6%
Some college, no degree	114	22.4%	19.9%	20.6%
Associate Degree	24	4.7%	8.3%	7.5%
Bachelors Degree	48	9.4%	13.2%	15.3%
Graduate or Professional Degree	33	6.5%	5.3%	7.2%
Total population 25 Years and older	510	100%	100%	100%

INCOME COMPARISONS

Table A.2 compares the income levels of the Village of Blanchardville with those of Iowa County and the State of Wisconsin. Median household income is based on every unit of occupancy with one or more unrelated individuals. Median family income is based on units of occupancy with individuals related by blood (children, grandparents, etc.) or law (marriage, adoption, etc.). Per capita income is based on each individual wage earner.

Table A.2: Income Comparisons

Income Type	Village of Blanchardville	Iowa County	State of Wisconsin
Median household income	\$40,313	\$42,518	\$43,791
Median family income	\$51,776	\$49,972	\$52,911
Per capita income	\$18,104	\$19,497	\$21,271

EMPLOYMENT CHARACTERISTICS

Table A.3 is reflective of the 2000 US Census for employed persons 16 years and over and their respective occupations in the Village of Blanchardville, compared by percentage to Iowa County and the State of Wisconsin. By definition of the Census, occupation is referred to as the type of work a person does on the job. For more information, go to Section F, Economic Development Element of this plan.

Table A.3: Employment Characteristics

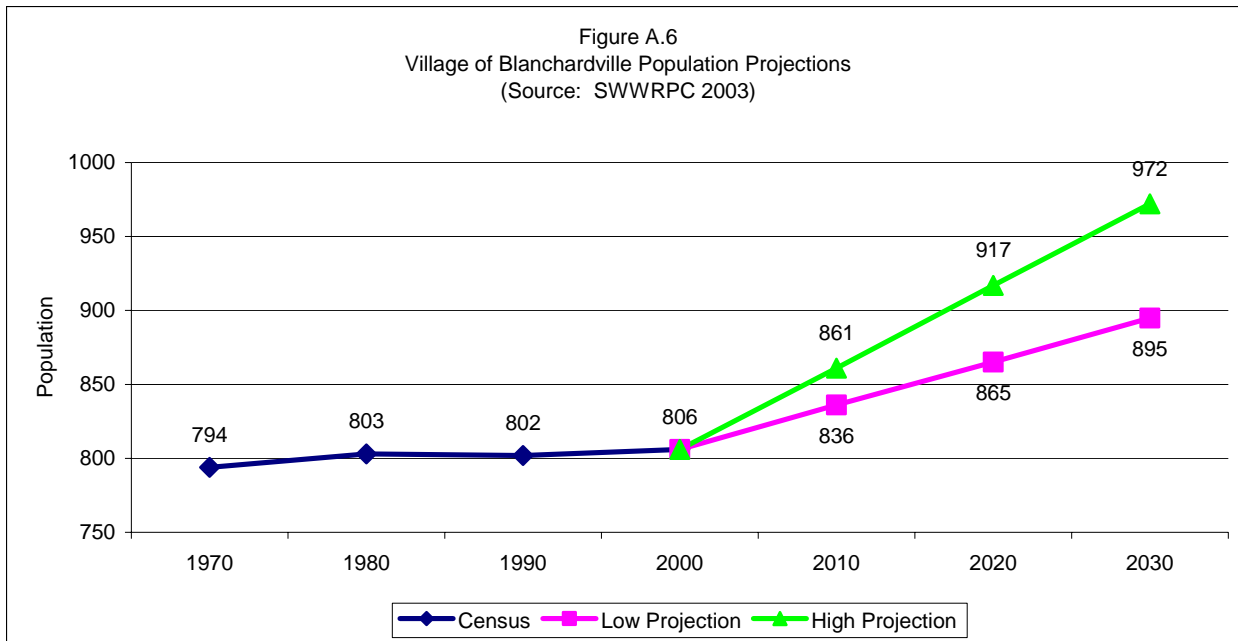

Occupation	Village of Blanchardville		Iowa County Percent	State of Wisconsin Percent
	Number	Percent		
Management, professional and related	104	24.9%	30.9%	31.3%
Services occupations	55	13.2%	12.8%	14.0%
Sales and office occupations	114	27.3%	25.5%	25.2%
Farming, fishing and forestry operations	5	1.2%	2.5%	0.9%
Construction, extraction and maintenance operations	56	13.4%	10.9%	8.7%
Production, transportation and material moving operations	83	19.9%	17.4%	19.8%
Total employed civilian population 16 years and older	417	100.0%	100.0%	100.0%

DEMOGRAPHIC PROJECTIONS

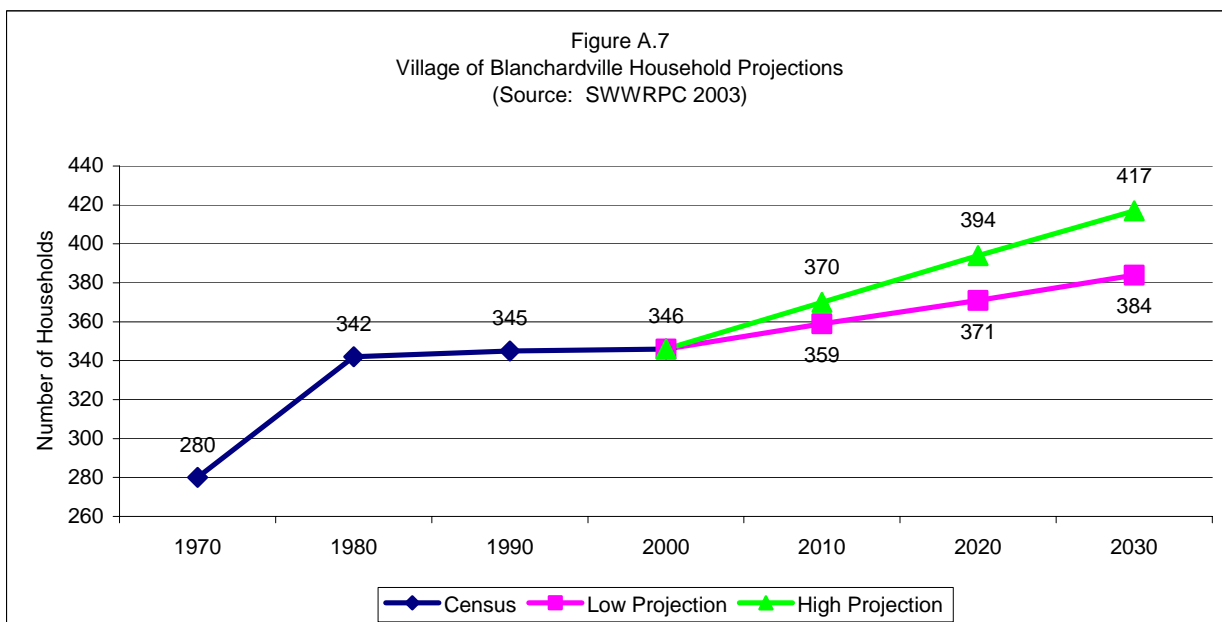

POPULATION

Preparing population projections is necessary to provide planners, developers, and others with expected increases or decreases in given base years. Reliable projections of population are needed for all kinds of planning or policy decisions whether involving the need for extending utilities, building a new highway, or starting a business. All these require some notion of probable demand for such facilities. Figure A.6 shows past population trends as well as projections to the year 2030. The figure gives both low and high projections, showing an overall population increase in the next 30 years.

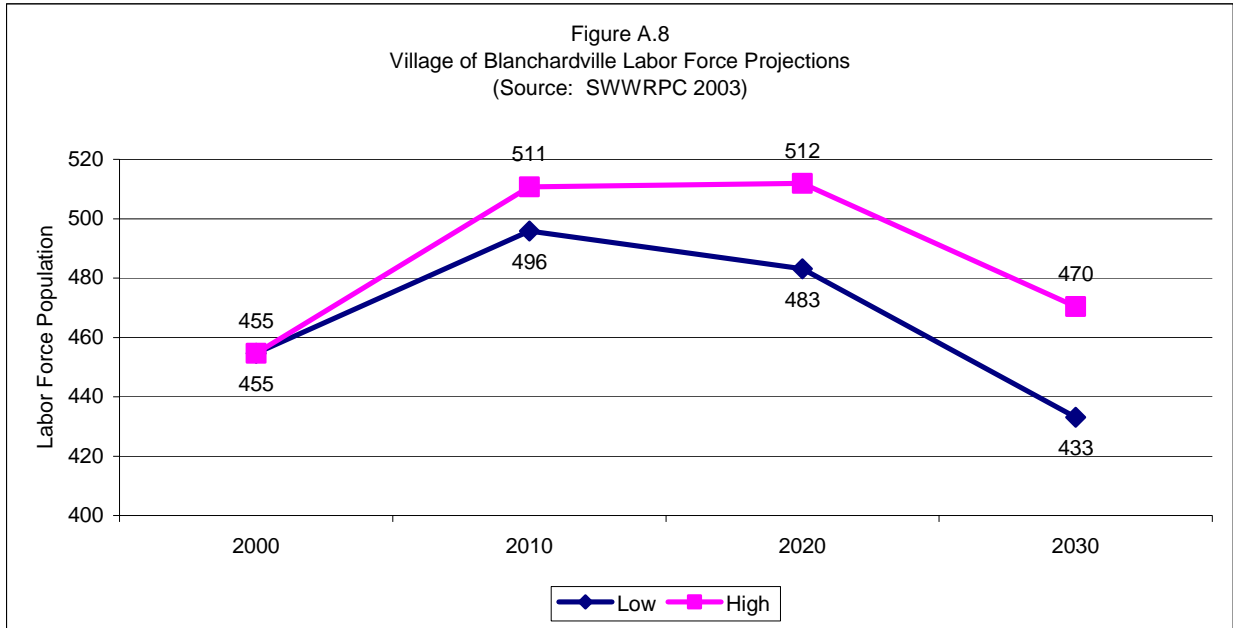

HOUSEHOLD

Figure A.7 shows household projections based on population projections and average household size from the 2000 US Census.

LABOR FORCE

Figure A.8 shows labor force projections for the Village of Blanchardville. These available workers will not necessarily find employment in the village: many will work in nearby towns and cities. The figure merely indicates the available labor pool residing in the Village of Blanchardville. For more information, go to Section F, Economic Development Element.

All of the projections presented in this section are based on past trends. The projections are intended as a guide. A sudden change, such as the creation of a large industry in an outlying area may dramatically impact these projections.
