

IMPLEMENTATION ELEMENT

EXECUTIVE SUMMARY

The purpose of this section is to explain how this plan will be utilized to guide future growth and development in the Village of Ridgeway. The plan is to serve as the blueprint for the future. As change is inevitable, the plan may need to be amended to appropriately reflect major changes. This element to review how each of the elements of the comprehensive plan inter relate and how the plan will be monitored and evaluated. Finally the section includes a discussion on how the plan will be updated at a minimum of once every ten years.

**Wisconsin State Statute 66.1001(2)(i)*****(i) Implementation.***

A compilation of programs and specific actions to be completed in a stated sequence, including proposed changes to any applicable zoning ordinances, official maps, sign regulations, erosion and storm water control ordinances, historic preservation ordinances, site plan regulations, design review ordinances, building codes, mechanical codes, housing codes, sanitary codes or subdivision ordinances, to implement the objectives, policies, plans and programs contained in pars. (a) to (h). The element shall describe how each of the elements of the comprehensive plan will be integrated and made consistent with the other elements of the comprehensive plan, and shall include a mechanism to measure the local governmental unit's progress toward achieving all aspects of the comprehensive plan. The element shall include a process for updating the comprehensive plan. A comprehensive plan under this subsection shall be updated no less than once every 10 years.

IMPLEMENTATION POLICIES

- **Enforce local ordinances to maintain the character of existing and future land uses within the Village of Ridgeway.**

Local ordinances must be enforced consistently to maintain the character of Ridgeway. The keyword is enforcement.

- **Update this comprehensive plan at a minimum of every ten years as required by Wisconsin State Statute 66.1001.**

This plan needs to be updated at least once every ten years. Depending on development or other changes, the plan may need to be updated on a more frequent basis.

- **Amend the local comprehensive plan and ordinances only after careful evaluation of existing conditions and potential impacts.**

Depending on what takes place in Ridgeway in the next twenty years, this comprehensive plan and enforcement ordinances may need to be amended. This should be done with extreme caution. Amendments should not be made simply to avoid local planning pressure.

CONSISTENCY AMONG PLAN ELEMENTS

As required by Wisconsin State Statute 66.1001, all elements included in this plan are consistent with one another and no known conflicts exist. All nine elements included in this plan work to achieve the desired future for the Village of Ridgeway.

PLAN ADOPTION

The first official action required to implement the comprehensive plan is official adoption of the plan by the local Plan Commission. Once the local Plan Commission adopts the plan by resolution, the Village Board must adopt the comprehensive plan by ordinance as required by State Statute 66.1001. After the plan is adopted by ordinance, it then becomes the official planning tool for future development in the next 20 years. The plan will guide development in a consistent manner.

VILLAGE OF RIDGEWAY ZONING ORDINANCE

The Village of Ridgeway Zoning Ordinance will be the primary implementation tool for the Village of Ridgeway Comprehensive Plan. The intent of the zoning ordinance is to control the development of land within the village. By carefully applying these local ordinances and regulations, Ridgeway will be accomplishing the policies of the comprehensive plan.

PLAN AMENDMENTS

The Village of Ridgeway Board can amend the Comprehensive Plan at any time. Amendments would consist of any changes to plan maps or text. Amendments may be necessary due to changes in local policies, programs, or services, as well as changes in state or federal laws. An amendment may also be needed due to unique proposals presented to the Village of Ridgeway. Proposed amendments should be channeled through the local planning commission and then final action should occur at the Village Board level.

PLAN UPDATES

As required by Wisconsin State Statute the comprehensive plan needs to be updated at least once every ten years. An update is different than an amendment, as an update is a major revision of multiple plan sections including maps. The plan was originally written based on variables that are ever changing and future direction might be inaccurately predicted. A plan update should include public involvement, as well as an official public hearing.
